gloves  
work protection

## technical data sheet

food grade low powder vinyl glove

### specifications

material  
vinyl

type  
low powder

length  
245mm

width  
84-113mm

elongation @ break  
350%

colour  
blue

tensile strength  
10mpa

sizes  
s - xl

**product code:** 373 series

**quantity:** 100 gloves / box

### benefits

ambidextrous  
economical  
durable

### areas of use

food production  
food service  
janitorial

tapes  
gloves  
work protection

## technical data sheet

### product identification

**u.n number:** this product is non hazardous as defined

**dangerous goods ci:** in FDA 29 CFR 1910.1200

**hazchem code:** this product is non hazardous as defined

**toxic substances sch:** in FDA 29 CFR 1910.1200

**uses:** protection of substances from hand to hand and hand to substances.

### first aid measures

**eye contact:** this is an inert solid. remove like any other foreign object in eye.

**skin contact:** remove contaminated clothing. wash exposed area with soap and water. if symptoms persist seek medical attention.

**inhalation:** in case of exposure to melting vapours remove victim to place of fresh air and administer respirator.

**ingestion:** if swallowed induce vomiting immediately after giving two glasses of water.

### safe handling information

**storage:** store in a dry cool temperature away from direct sources of heat or light.

**transport:** no special requirements.

**spills and disposal:** product is non hazardous, non toxic and biodegradable.

### hazard identification

**eye contact:** negligible hazard

**skin contact:** negligible at -18°C to +38°C. exposure to hot materials may cause burns.

**inhalation:** negligible at -18°C to +38°C. vapours may form at elevated temperatures to which may irritate eyes and respiratory tract.

**ingestion:** harmful if swallowed

### precautions of use

**exposure standards:** none, this product can be worn continuously.

**personal protection:** no requirement.

**flammability:** flash point 400°C (includes auto ignition)

**general hazard:** materials to avoid are acids or any harsh chemical which may cause a deterioration of the glove.

### other information

to prolong product life, gloves should be stored in a cool, dry location, located away from sources of heat and light.
